KRT LIVE gives bus riders the ability to check the status of bus routes in real time. The interactive Google maps are accessible on smart phones, tablets and computers, and show every route and stop in the KRT bus system. The rider can see specific data on where the bus is on the route, which way it is traveling, and what time it is estimated to stop at their departure point. This service will answer the most familiar question for bus riders, "when is the next bus coming?"

Where to Purchase Tickets

You may call KRT at (304) 343-7586 for details; or buy any of the passes at KRT's main office, located at 1550 4th Avenue, Charleston, or KRT's Transit Mall Information Center, Laidley Street, Downtown Charleston.

In addition you may purchase all passes in the lobby of the KRT Administrative Building (1550 Fourth Avenue on Charleston's West Side) from an automated Ticket Vending Machine (TVM). It should be noted that the time period for use of a 31 day pass issued by the TVM begins on the date of purchase. If you would like a 31 day pass for future use please purchase it from the Dispatcher on duty.

How to Catch the Bus

KVRTA picks up passengers at corners along our routes in cities we serve. Most stops are designated by blue and white KRT bus stop signs. Passengers in rural areas may flag a bus to be picked up, by holding your arm straight out, palm down to let the operator know you need the bus to stop. For safety reason, avoid flagging the bus at major intersections or immediately before a right turn lane or left turn lane begins. When a bus approaches, look at the route and destination sign above the windshield to make sure you are boarding the correct bus. When the operator stops, wait for passengers to exit, then board through the front door. Show your pass or deposit your exact fare into the fare box, as operators are not allowed to handle fares. (KVRTA fareboxes accept both bills and coins.) Then have a seat, relax and leave the driving to us.

Special Services

Accessibility

All KVRTA buses and vans are wheelchair accessible. The buses are equipped with a kneeling feature that allows the operator to lower the steps making the bus easier to board. Buses are equipped with a wheelchair lift platform that lowers to the curb to lift a wheelchair onto the bus. Passengers with other mobility limitations or those who cannot navigate the steps may request to use the platform. If you need to use the lift platform, station yourself five feet back from the curb. If the bus cannot pull next to the curb because of obstacles, you will have to board from the street. Operators are trained to assist passengers in securing wheelchairs. Service animals are welcome.

KAT (Kanawha Alternative Transit)

KVRTA offers a demand response, curb-to-curb transportation service for eligible passengers (based upon criteria established by the Americans with Disabilities Act) who are unable to utilize the regular KVRTA fixed route service.

For more information on how to qualify for the Kanawha Alternative Transit (KAT) service, please call (304) 343-0489.

Safety

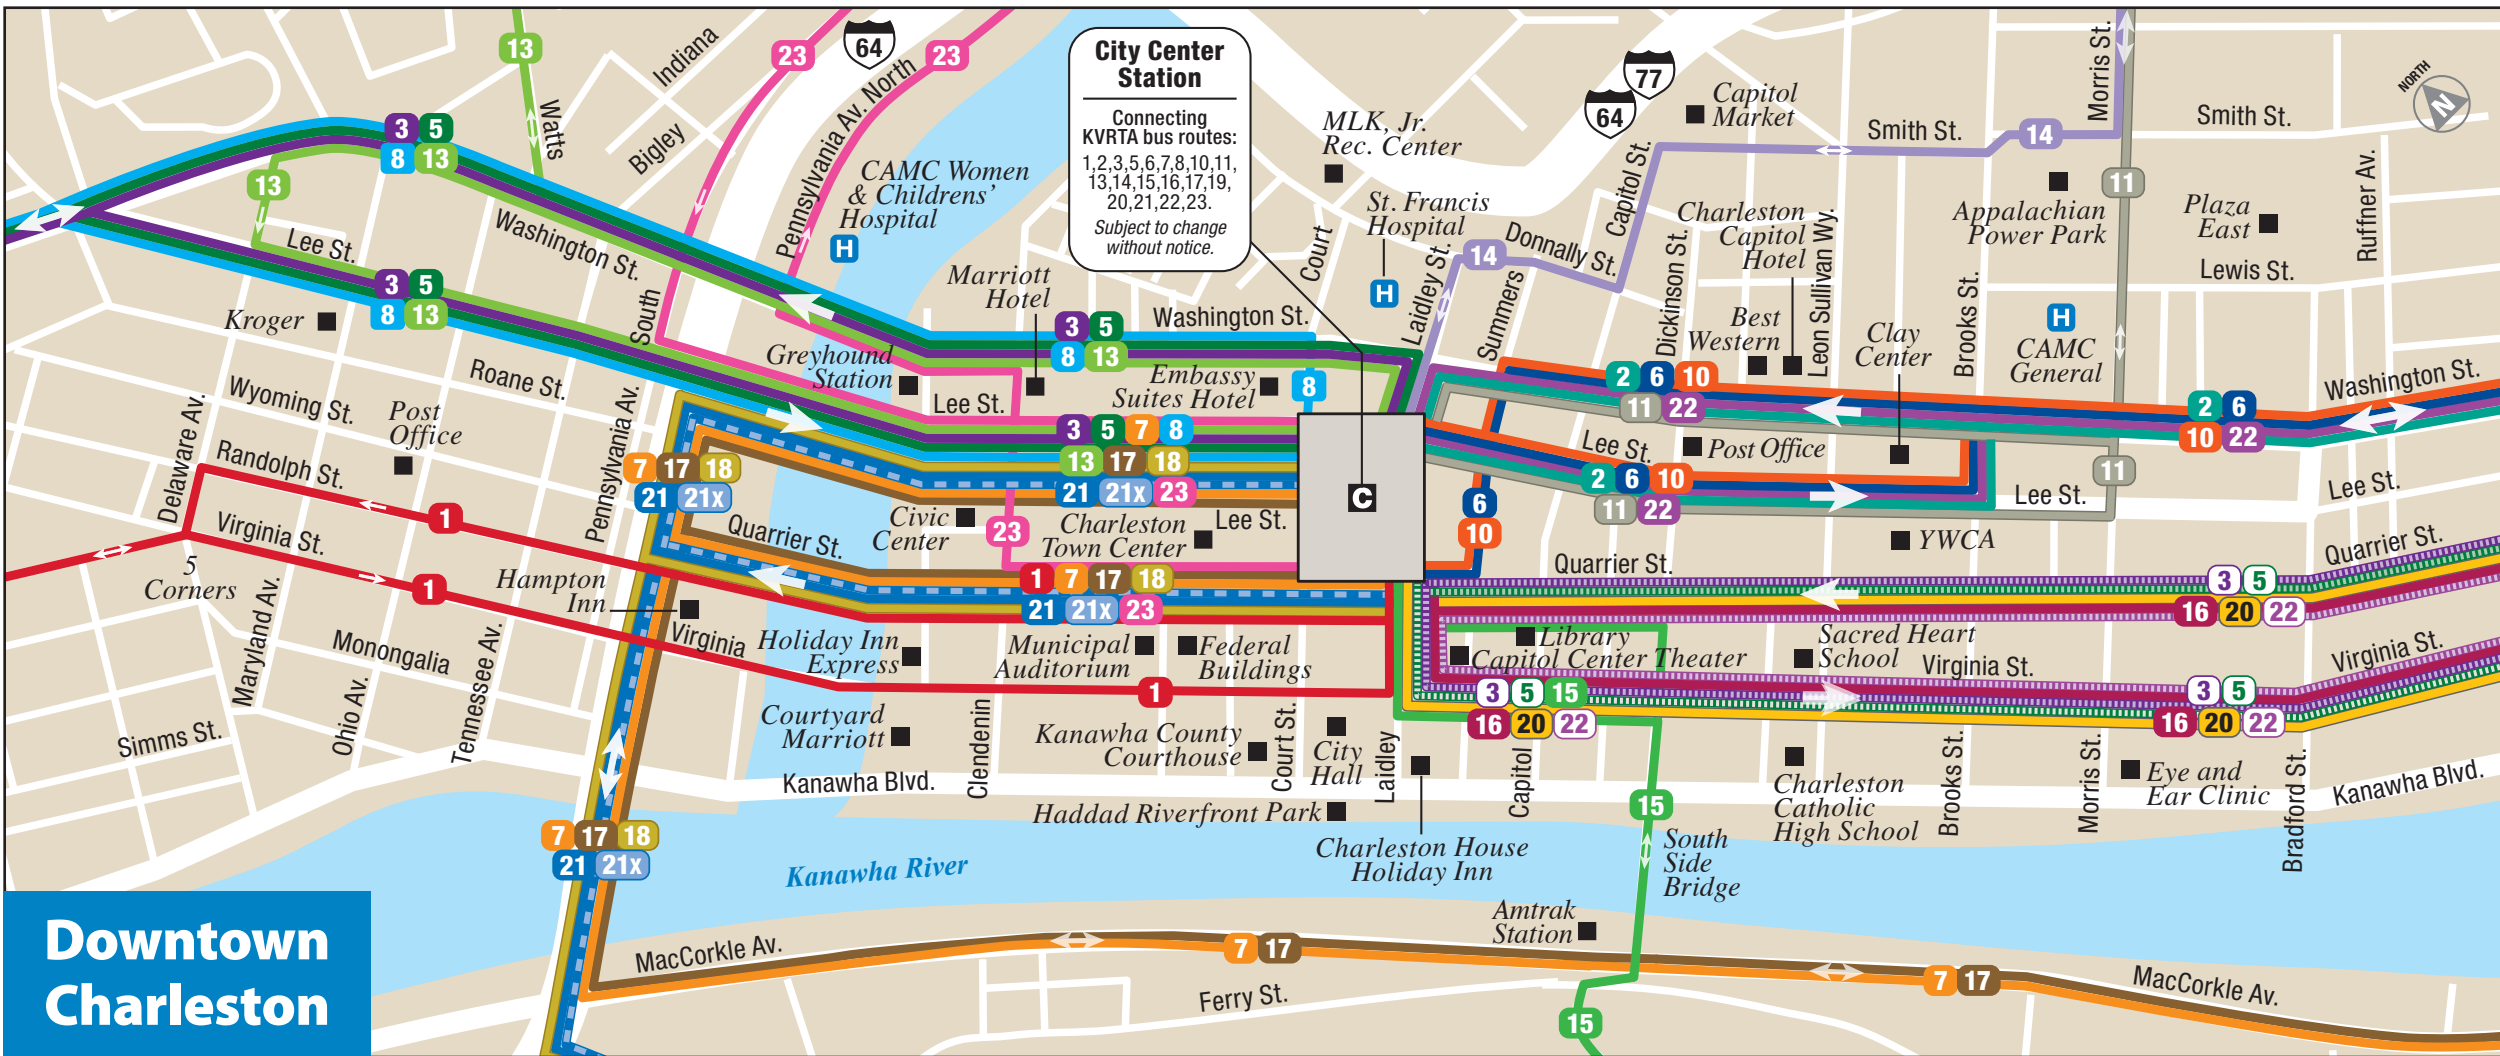

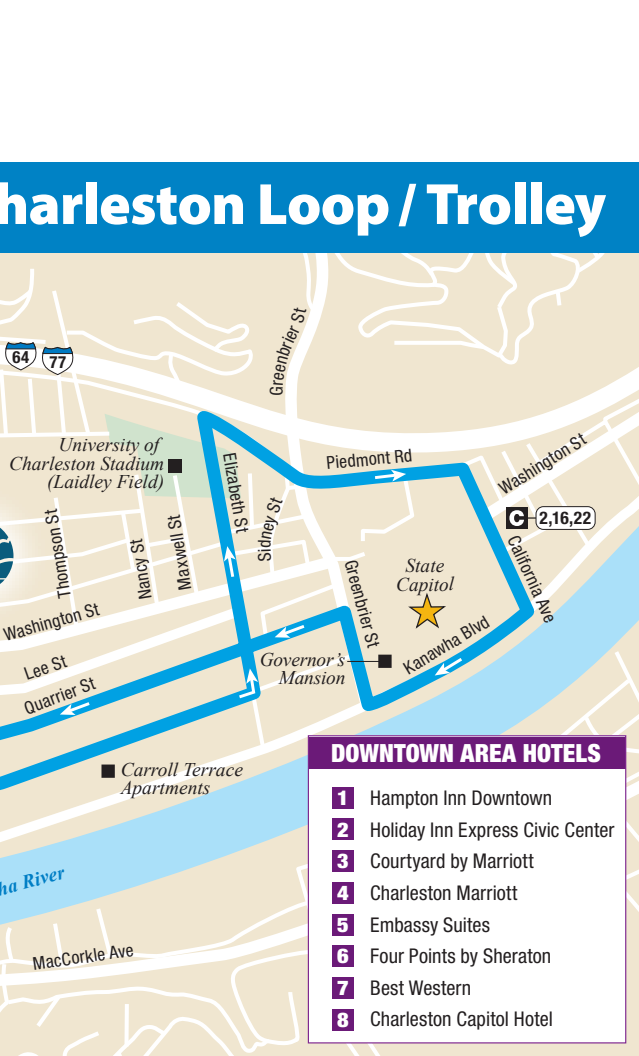

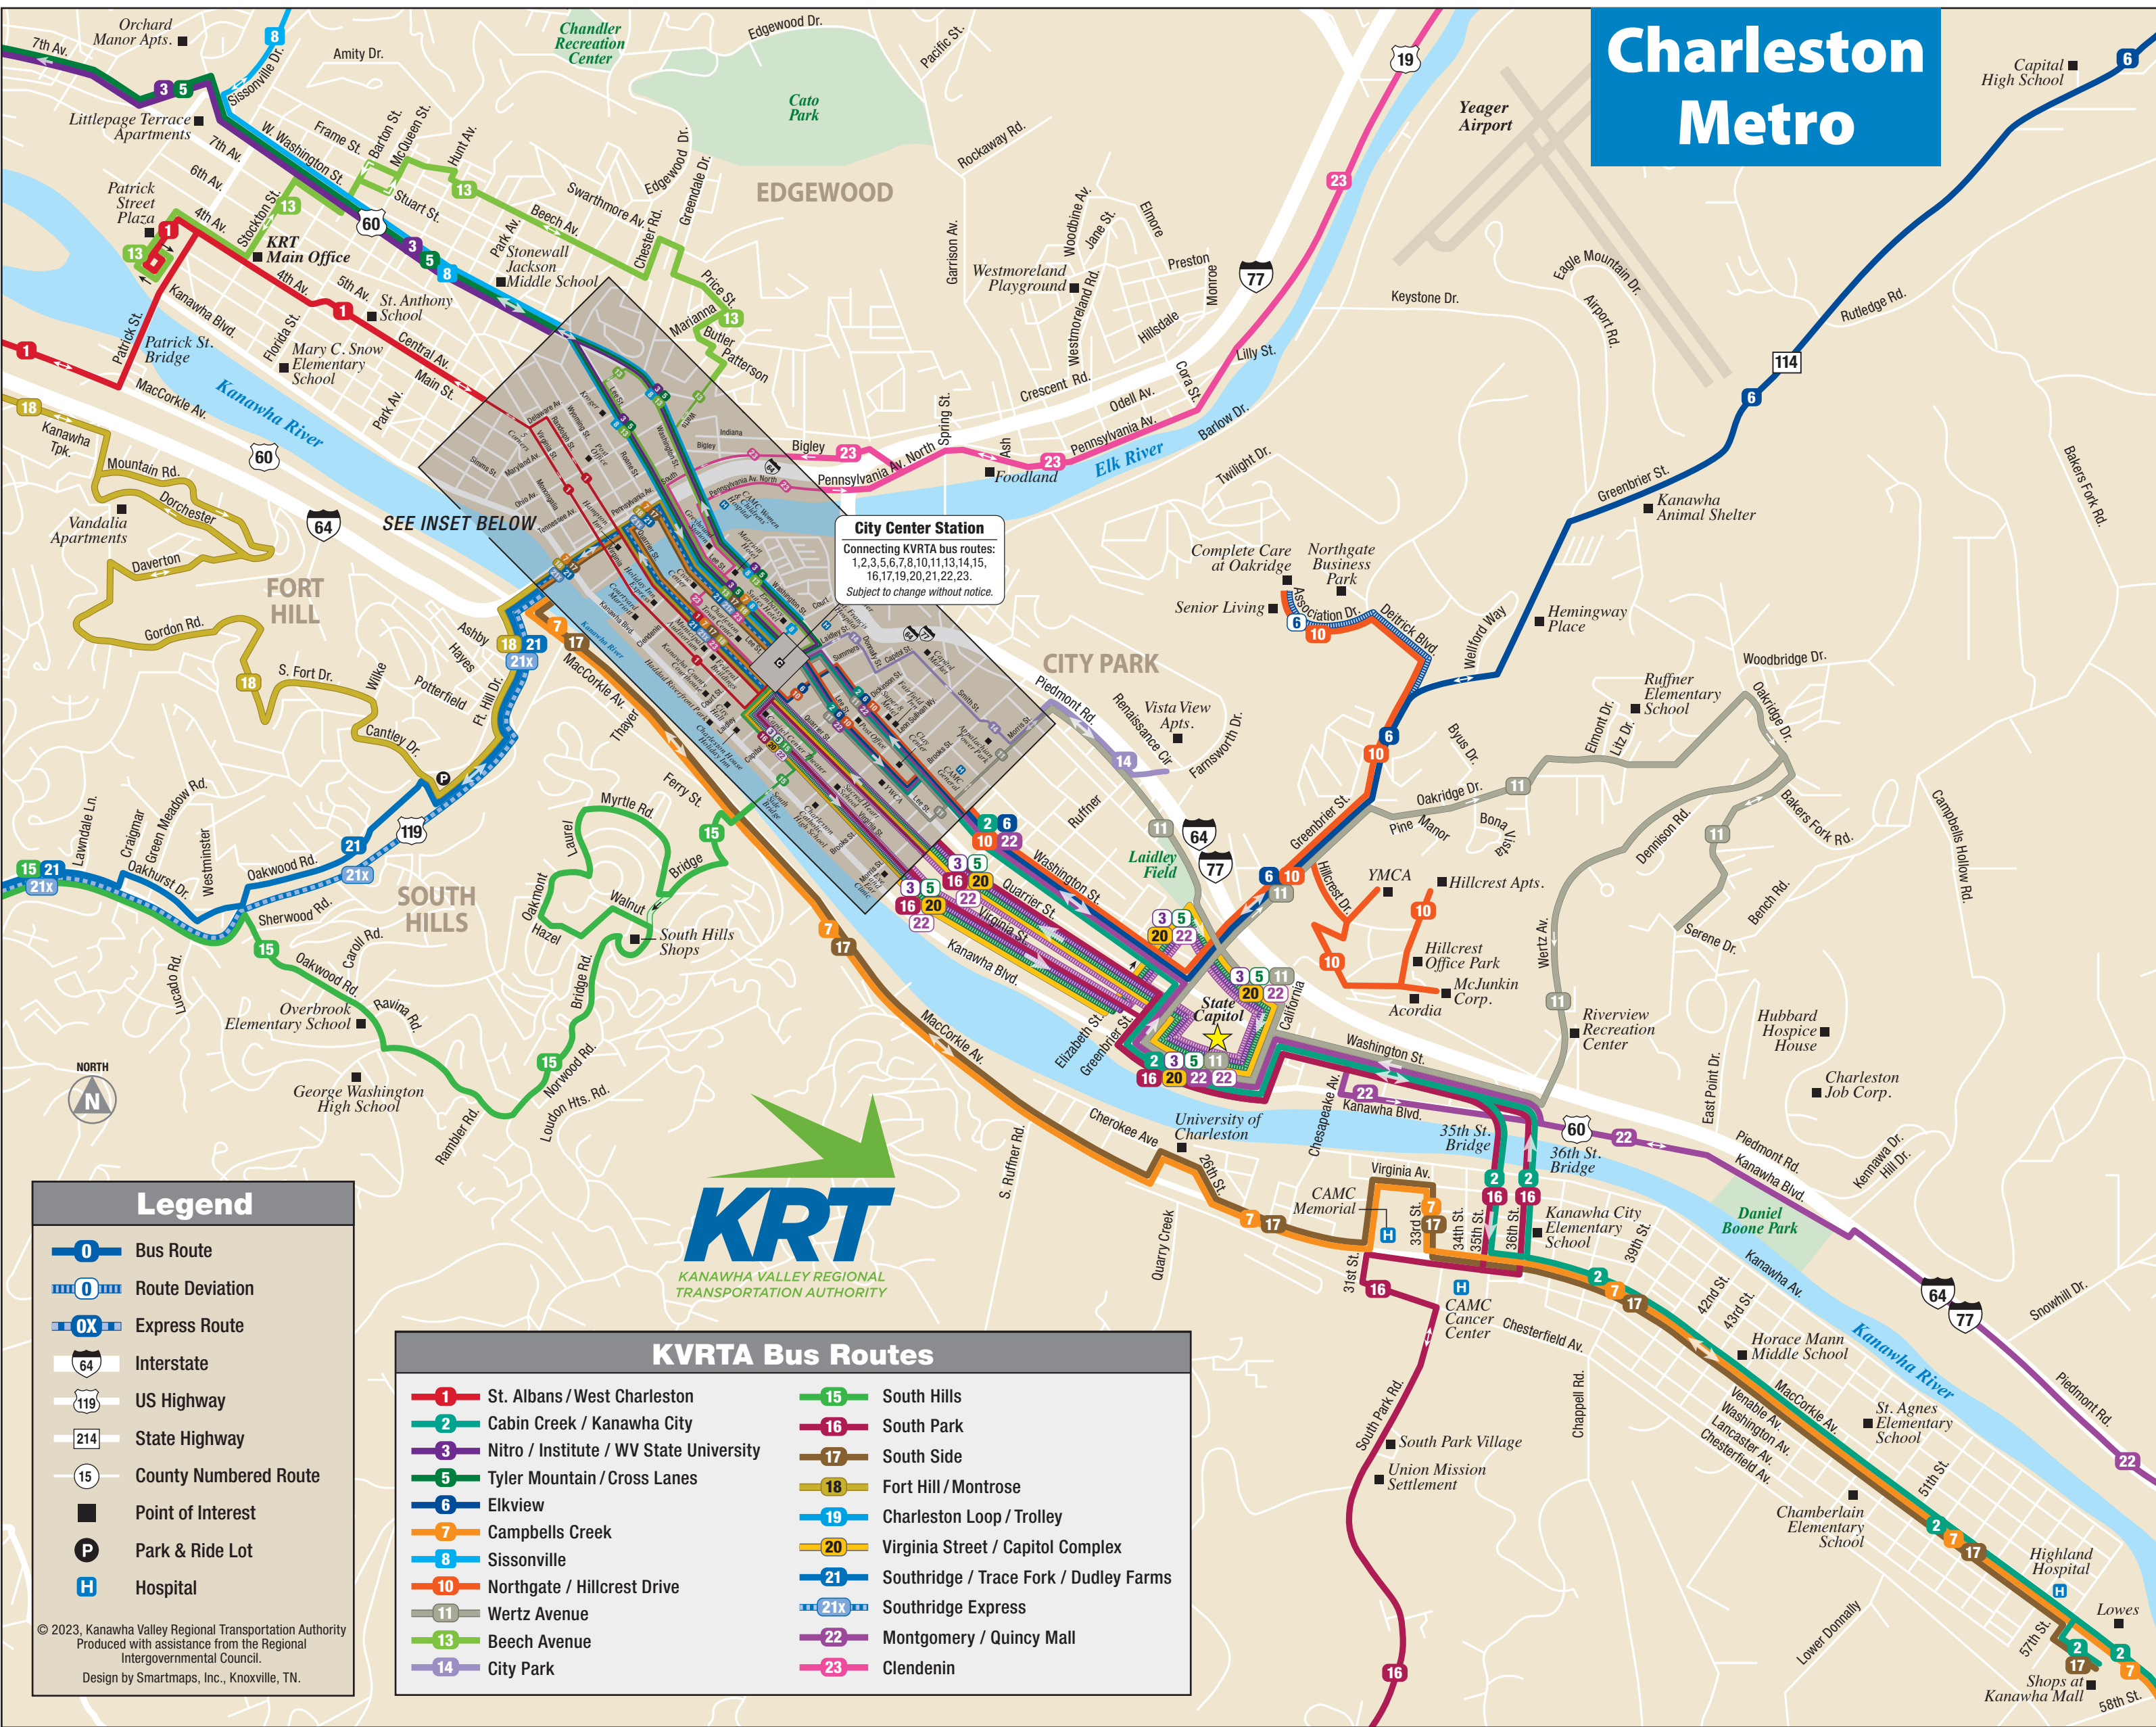

- Please be seated after boarding the bus and remain seated at all times.
- After ringing the bell for destination, stay seated until the bus comes to a complete stop.
- When boarding or exiting the bus, use extreme caution on steps and around the doors.
- Do not attempt to cross the street in front of the bus after exiting and wait for traffic to clear before crossing.
- Shirts and shoes must be worn while riding the bus.
- Litter receptacles are located at the front of the bus. Please help us keep our buses clean!

Additional rules are posted on buses.

Civil Rights

Kanawha Valley Regional Transportation Authority (KVRTA) is committed to a policy of non-discrimination in the conduct of its business, including its Title VI responsibilities and to the delivery of equitable and accessible transportation services.
