

KRT2024-01 Roof Replacement Amendment 1

Riezar Jane, Document Coordinator with Dodge Construction Network

Request:

I would like to request the plans/drawings if available for the above project for the **Dodge Plan Room**.

Response:

[Attachment 1] is a copy of drawings from the roof replacement in 1997 of the same building. These are the only drawings that we have available for this.

Any contractors that will be bidding on the KRT2024-01 Roof Replacement RFP will need to conduct a site visit as stated in the RFP documents.
